

# Rivo at Ringling EV Charging

---

The Rivo at Ringling Condominium Association installed an electric vehicle charging station with two charging ports in the first-floor garage to the left of the exit gate for Rivo residents and staff of the Master Association.

The port on the **left** side, closest to the kayak racks, is reserved for **Rivo residents 24/7**. The port on the **right**, closest to the exit gate, is reserved for exclusive **Master Association** use between 7:30 am to 6:30 pm Monday through Friday. Rivo residents may use the port on the right side outside of these hours.

## How it works:

- You'll need to download the ChargePoint app and set up an account directly with ChargePoint. A credit card is required.
- You **must** notify the Rivo concierge that you have an account **before your first charging session** on the Rivo charger.
- Rivo staff will email you an invitation to connect to the service.
- If you use the App to request a connection, use the Connection code: RIVORES1.
- Once you process the invitation, your registration is pending until approved. You will receive an email upon approval, which could take up to 24 hours. **Please do not begin a charging session until you receive the approval email. Unregistered users pay dramatically higher fees.**
- Once approved, scan the app on your phone or use a ChargePoint card to begin a charging session.
- ChargePoint charges your credit card directly.
- The app notifies you when the charging session ends and adds additional fees if your vehicle remains in the designated spot after a 20-minute grace period.
- If you have any issues with or questions about the charger, contact ChargePoint directly by calling the number on the charging station. .

## Pricing:

- \$.10 per **kilowatt-hour (kWh)** + \$1.05 per hour of charging time, prorated to the minute.
- \$7.50 per hour after the 20-minute grace period.
- The fee for unregistered users is \$25/hour.
- Guests will not be registered but may use a registered user's account.
