

Exhibit A
Restrictions of Ingress and Egress for Building

1. The doors to the building will be locked from 5:30 p.m. each day until 9:30 a.m. the following day;
2. Freight Elevator:
 - a. The freight elevator will be locked off from residents Monday through Friday from 8:00 a.m. until 4:00 p.m.
 - b. Once our cleaning company sanitizes the elevator at the end of each day, Rivo maintenance will release the freight elevator for the residents' use.(likely by 4:30 p.m., Monday through Friday).
 - c. If we don't have housekeepers and maintenance vendors scheduled to be in the building, the hallway door to the freight elevator will be open, which means residents can use it; if the hallway door is closed to the freight elevator, then it is being used by housekeepers and maintenance vendors, and residents should use the main elevators.
 - d. As usual, residents should use the main elevator whenever the freight elevator is being used for a move.
3. Housekeepers and maintenance vendors, including air conditioner companies
 - a. All housekeepers and maintenance vendors must wear masks and gloves while in the Common Elements of the building;
 - b. Housekeepers and maintenance vendors, including emergency services, must be placed on the schedule. Residents must contact the front desk requesting a day and time for housekeepers and maintenance vendors to arrive at the building. To avoid congestion, the front desk staff will let residents know if that time slot is available and, if not, arrange another time slot for your housekeeper or maintenance vendor. Please understand if your housekeeper, vendor or contractor arrives but isn't on the schedule, the front desk staff is advised NOT to let them into the building; they will have to reschedule.
 - c. Emergency repairs, including air conditioning, plumbing and electrical repairs, will be given priority.
 - d. After checking in with the front desk (standard), housekeepers and maintenance workers will need to use only the freight elevator for entry and departure. They will need to contact the front desk for access on departure since the elevator is locked off from residents Monday through Friday from 8:00 a.m. to 4:00 p.m.
