

Dear Rivo Residents,

Rivo at Ringling and the Rivolta' building are registered for the T.E.P (Trespass Enforcement Program) and the police will remove anyone off the property. I have contacted the other buildings in the Master Association and they will also be enrolling in T.E.P.

We ask that If you see any vagrants or any one trespassing on our property or the Rivolta' building (that is the building where the Fast and Fresh is located) please call the police department at 941-316-1201 or 941-316-1199 and give them the code # 9943 for our area.

If you see something happening you're asked to call the police department and report it. The reason we ask you to call is that you witnessed the event and you can give a detailed description of the violator to the police better than a third party.

If there is a disturbance or noise from any source during the evening hours call the police at 941-316-1201 or 941-316-1199. **No code is needed**, identify yourself and your location and we would recommend that you meet the officer in the lobby or invite them up to your unit, this way you might feel more secure.

Please provide me with any incident report you may have received from the officer.

I thank you in advance for your assistance,
